

ENVIRONMENTAL HEALTH & SAFETY

UNIVERSITY *of* WASHINGTON

W

DON'T FEED WILDLIFE

KEEP THEM HEALTHY

Human foods can harm animals. Feeding can cause wildlife to stop natural foraging.

KEEP US SAFE

Fed wildlife can become aggressive to people.

KEEP CAMPUS CLEAN

Food waste attracts pests and nuisance wildlife. This can damage property and the environment.

KEEP YOUR DISTANCE

Wildlife can carry diseases that may spread to people, pets, and other animals.

Touching wildlife is illegal.

HELP KEEP WILDLIFE WILD.
